

The title of the report

Name:

UID :

Abstract

A brief description of the report.

1 Problems

Carefully provide a mathematical description of the problem discussed in this report.

2 Methodology

Carefully describe the procedure and methodology to solve the problem.

3 Results

Illustrate the results using the methodology proposed in Section. 2

4 Observation and Conclusions

State your observation from the results and make conclusions.

Reference

All materials (books, papers, and websites) mentioned in your reports.

Appendix

Attach the Matlab code here.
